

## Professional Summary

---

Experienced mechanical design and technology professional with a strong background in project development, product management, and maintenance planning. Since 2020, I have been a dedicated trainer at Addis Ababa Centre of Excellence, specializing in mechanical design, technology project development, and project management analysis. My expertise extends to TTLM and TVET policy and strategy, where I have contributed to the development and implementation of effective training programs. Skilled in fostering innovation, optimizing processes, and delivering high-quality training to enhance technical and vocational education outcomes.

## Technical Skills

---

- CAD design Software
- Product/ 3D modeling Design
- Mechanical problem solving and Designing
- Maintenance planning managing and executing
- Developing Technology for the seek of community problem
- Agile project management
- Ms Project
- Basic Data Analysis (excel, spread sheet, SPSS)

## Work Experience

---

### Productivity Improvement and Centre of Excellence

Feb 2020–Present

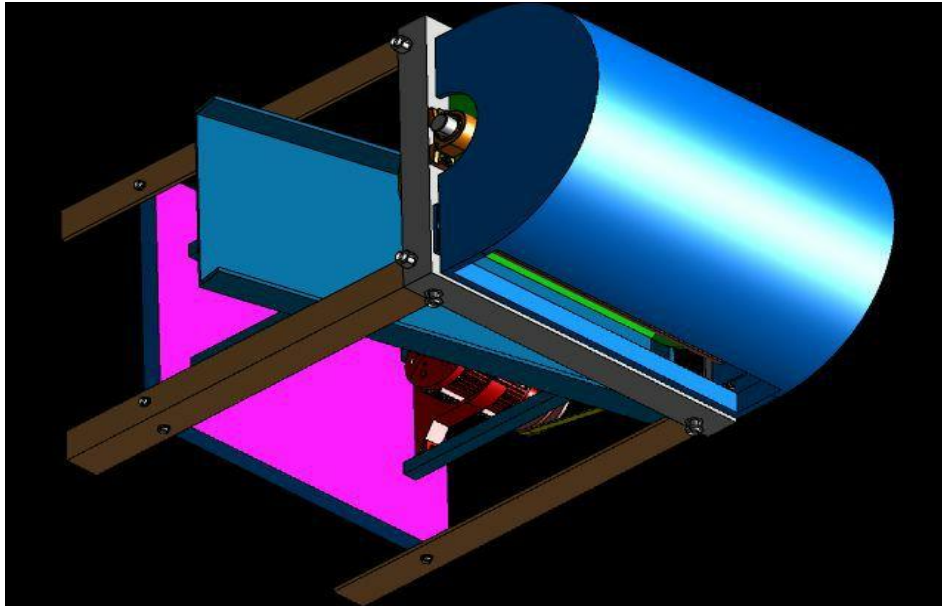

#### Trainer /Consultant in Manufacturing Technology Department

- Deliver and developing Training Package In Accordance with Industries
- Conducted Marketable and Transferable Technologies
- Research Developing
- Feasible Project Developing and Implementing
- Consulting The private and government Clients based on their approaches and our duties

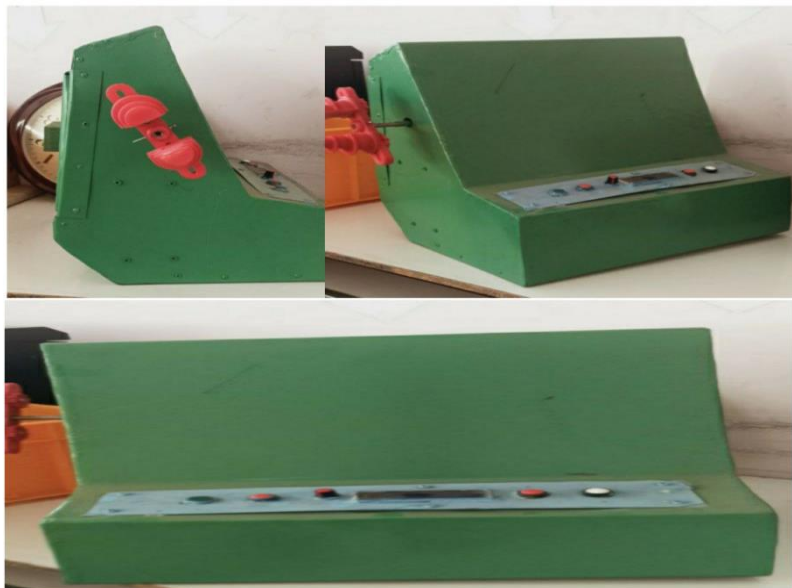

## Projects

---

- **For Productivity Improvement and Center of Excellence Mar. 2023**
  - ✓ Designed and Manufactured of **Fiber Extracting Machine from pseudo pod plants**

- **For Delta- Electromechanical Solution Apr. 2024**
  - ✓ Design and Developed **Semi-Automatic Motor winding Machine**

- **Based on Need Assessment on fostering of renewable Energy 2025**
    - ✓ Design , Developed and Manufacturing of **Briquette producing Machine**
    - ✓ The Effect of knowledge management on organizational performance as Msc. In project management analysis and Evaluation Thesis project in Skill-Mart International College (2023)
- 

## Education

- ✓ MSc in Project Management Analysis and Evaluation, Skill-Mart International College Nov. 2023 GPA: 3.64
  - ✓ BSc in Mechanical Engineering, Samara University Jun 2019 CGPA: 3. 43
- 

## Certifications

- **Data Analysis Fundamentals Certificate**–UDACITY (2024)
- AiCE Certificate – ALX Ethiopia (2024)
- Training Delivery Methodology and TTLM Certificate – PICE (2023)
- **Best Performance Award**– Recognition program, Addis Ababa Centre of Excellence for my Innovative Community problem solver Technologies (2024)
